INTRODUCTION

Here we give a short introduction

CONTENTS

2.1 Intro

2.2 project package

Submodules:

2.2.1 project.test module

Summary

Functions:

example

This is a docstring

Reference

```
project.test.example()  
    This is a docstring
```

INDICES AND TABLES

- genindex
- modindex
- search

PYTHON MODULE INDEX

p

project, 3
project.test, 3

INDEX
